August 30, 2019

Dear Landowner/Water User,

As was mentioned at the 2017, 2018, and 2019 grower workshops, the Patterson Irrigation District (PID or District) Board of Directors are planning to commence with a Proposition 218 Public Hearing this fall addressing PID's water rates. Prior to mailing the public notices, in compliance with Proposition 218, the Board of Directors wish to host an opportunity to present the findings of the rate study developed by Raftelis Financial Consultants on PID's Financials. The Raftelis team worked on the study through 2018 evaluating historic operations, future expenses and deliveries. The final report is provided on the District's website; however, the Board of Directors wish to provide you an opportunity to hear the proposal and how the District plans to implement the rates, if necessary, if approved by landowners.

Please plan on attending the workshop Thursday, September 19, at 9:00 am at PID's shop located at:

Patterson Irrigation District  
948 Orange Avenue  
Patterson, CA 95363

Kindest Regards,

A handwritten signature in blue ink, appearing to be 'Vince Lucchesi', with a long horizontal flourish extending to the right.

Vince Lucchesi, PE  
General Manager
