DATE: October 19, 2017
TO: Patterson Irrigation District Landowners / Water Users
FROM: Vince Lucchesi
SUBJECT: End of Irrigation Season

On Wednesday October 18, 2017, the Board approved to officially end the 2017 irrigation season on November 4, 2017. Deliveries will be completely restricted for approximately 2 weeks while maintenance is performed on laterals and turnouts. Tentatively, November 20, 2017, we may be able to accommodate some deliveries of water for winter crops, but will be limited due to maintenance work and scheduling conflicts. The District will consider opening up irrigation deliveries for limited periods of time during the winter depending on hydrology and scheduling availability. Please call the office as far in advance as possible if irrigation water is required for winter crops.

Please note, there may be water within the Main Canal; however, the laterals will be restricted to perform maintenance during this window. Thank you for your understanding and continued efforts to use water efficiently and conserve in 2017.

Kindest Regards,

Vince Lucchesi, PE
General Manager
